Kurikkal family is home to many legends who have played significant roles in weaving the socio-political fabric of Malabar. The family's lineage can be traced back to Abu Ubaidah, a companion to prophet Muhammed (phuh).

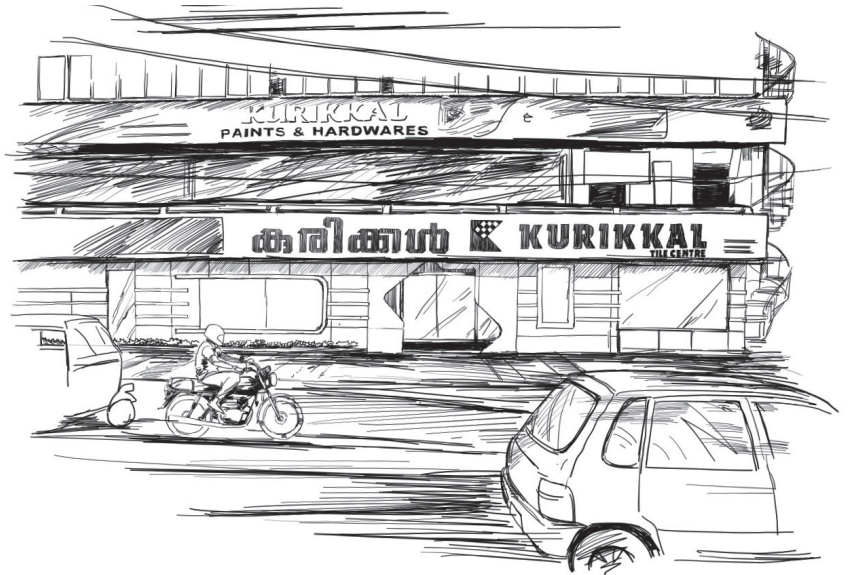

The business saga of Kurikkal Group began with a bus service in the name Kurikkal Transports along with a wood mill in the early 1960's. But it was the year 1970 that marked a landmark in the history of the group when it launched Associated Plywood Company.

It was Kurikkal Group, which gave Kerala its first water tank, Tank O Man and polaris, in 1995. This product was an embodiment of the pioneering spirit that the group has embraced ever since its inception.

Mr. Hassan Kutty Kurikkal, Hassan Moideen Kurikkal, Hassan Mehmood Kurikkal and Hameed Kurikkal, who were great legends in business, started Oriental Trade Links in 1981 in Manjeri. After that in 1985 Kurikkal Group expanded their business to Kozhikode under the leadership of Mr. Hameed Kurikkal and started Kurikkal Pipe Lines. Mr. Faizal kurikkal, a younger generation of the Kurikkal family, entered the business in 1998 and started Kurikkal Ambiente in Kozhikode.

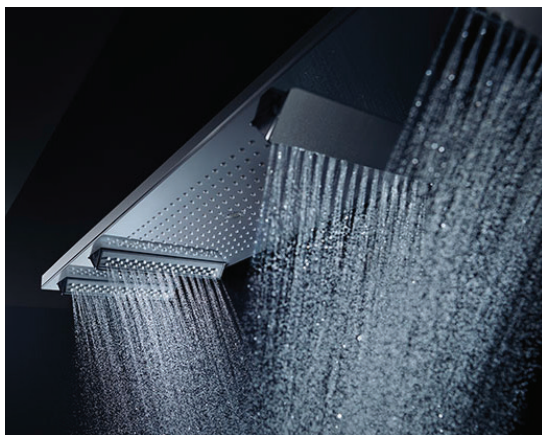

Kurikkal Safari

For the past four decades, Kurikkal has been in the field of supply of tiles and sanitaryware. Not as a mere presence, as a significant force. With the vast experience accumulated over this period of time, we got connected with the world's premium brands of flooring, faucets, bathrooms, wellness and kitchens. By building a bridge between these brands and our clients, we were able to set up an astonishing gallery of products. Here, the varieties never end. We are so glad that it helps our clients to choose what suits them. All the time, we are looking forward to expanding this network, so that we can make it more vivid.
